

To Whom it May Concern:

I am writing on behalf of the Greater Cleveland Automobile Dealers, which represents 219 new car franchised dealers in the Greater Cleveland area.

I am requesting a stay on the new requirement which eliminates the the "established business relationship" exception of the Telephone Consumer Protection Act.

Membership in our Association is sufficient consent to receive communications of any kind regarding the programs, notifications, and other materials distributed. Our members are in fact part of this organization for that specific fact in that they expect to receive information over the fax.

The prohibition of the established business relationship will also place an undue burden on Association's to obtain written consent from its members.

Again, I respectfully request a stay on this particular change in the regulation.

Sincerely,

Louis A. Vitantonio
